

BURTU DETEKTĪVS

Darba lapās ir redzami dažādi attēli (dzīvnieki, augļi un dārzeņi, apģērbs). Pa kreisi no attēliem katrā rindā ir norādīts burts, un bērna uzdevums ir:

1. Noteikt, kurš attēls/i sākas ar redzamo burtu.
2. Izkrāsot tikai to attēlu/s, kuru nosaukums sākas ar norādīto burtu.

Darba lapas paredzētas:

- fonemātiskās uztveres attīstīšanai;
- sīkās motorikas attīstīšanai;
- vārdu krājuma paplašināšanai;
- saistītās runas pilnveidošanai (bērns runā pilniem teikumiem, piemēram, vārdā "vilks" pirmais burts ir V).

Darba lapas var izmantot pirmsskolas vecuma bērni un speciālās pamatizglītības skolēni - atbilstoši attīstības līmenim (1. - 9. klasei).

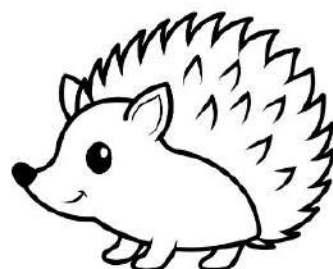

DZĪVNIEKI

Izkrāso attēlu/s, kurš sākas ar doto skaņu!
