

LASI UN KRĀSO

Darba lapās attēloti trīs dzīvnieki, bet virs tiem – apraksts. Bērns izlasa tekstu un izkrāso dzīvnieku, kas atbilst aprakstam.

Darba lapas paredzētas, lai attīstītu:

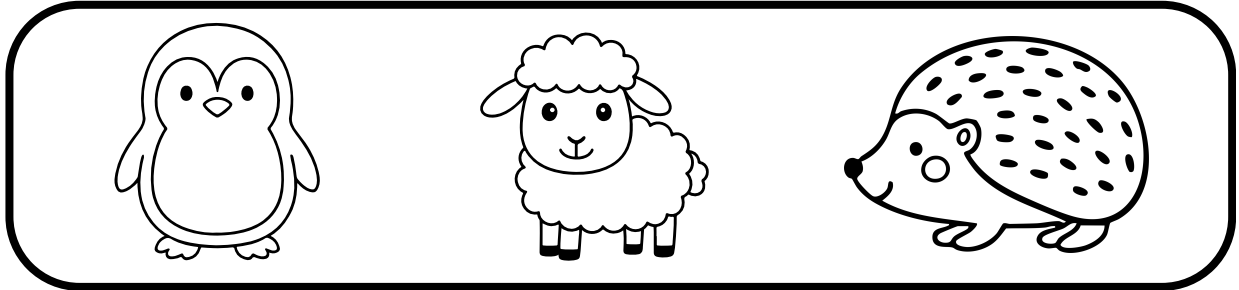

- lasītā izpratni;
- saistīto runu;
- redzes uztveri;
- sīko motoriku.

Darba lapas var izmantot pirmsskolas vecuma bērni, sākumskolas vecuma bērni un speciālās pamatizglītības skolēni - atbilstoši attīstības līmenim (1. - 9. klasei).

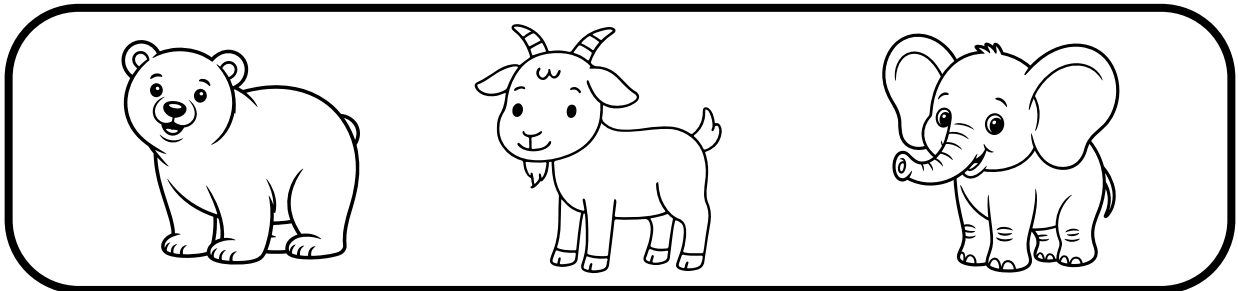

LASI UN KRĀSO

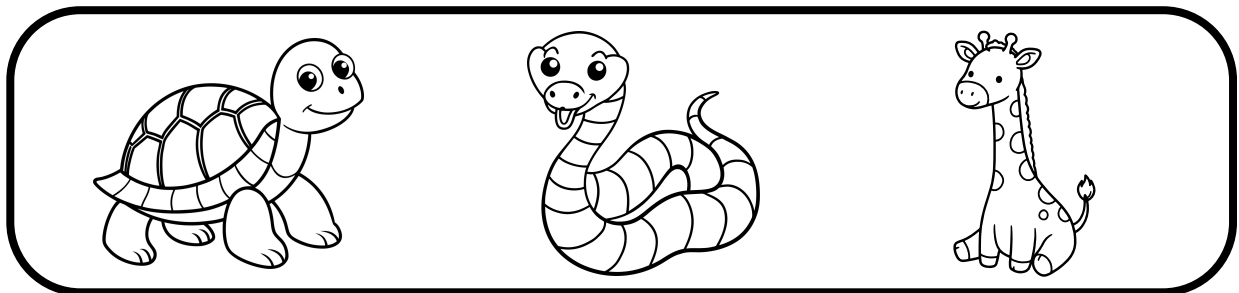

Es redzu ezi.

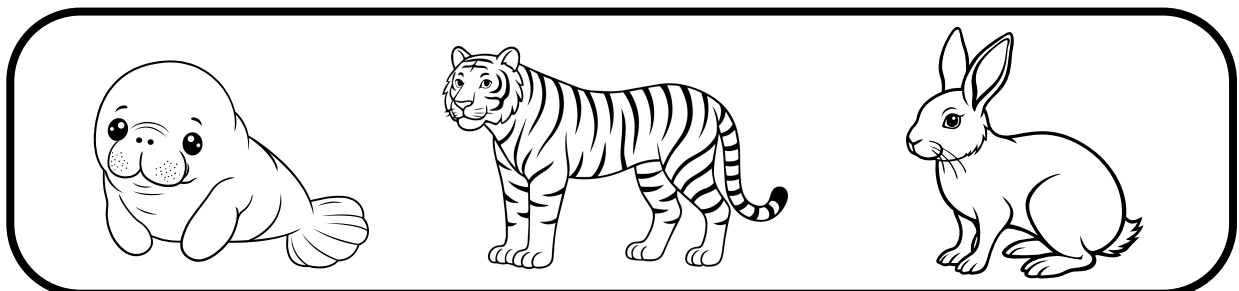

Es redzu kazu.
